

# Power Light

Plastic Power Bank with a narrow rectangular shape and an extremely compact size. In addition to being extremely practical and light-weight, it is fitted with a small LED torch, which is a useful and practical feature, as well as a charge indicator light. Its surfaces can be customised on both sides using silk-screen and CMYK printing, and they create a beguiling colour contrast with the body, which remains black.

Product code  
PB015

Materials  
Plastic.

Delivery days  
12
